

Join us for a fun evening in support of

Child Haven International

Child Haven is a registered charity founded in 1985. Inspired by the ideals and philosophy of Mahatma Gandhi and supported entirely by donations, we assist children and women in developing countries in need of food, education, health care, shelter and clothing, and emotional and moral support. We operate nine homes and assist over 1300 children - six homes in India and one each in Nepal, Tibet and Bangladesh. We also help women and youth with vocational training and elderly people in need, "senior orphans"
